

Report on the Use of Library Resources (Session 2024–25)

During the academic session 2024–25, students regularly used the library resources available in the college. The library provides books, magazines, newspapers, and e-resources for academic learning and general knowledge.

Students visited the library to read books related to their courses and to update themselves through newspapers and magazines. They also used e-resources available in the library for study and reference. The use of these resources helped students in improving their knowledge, reading habits, and academic performance.
