

Pre-Admission Counselling and Assistance for New Aspirants

With a commitment to assisting prospective students in securing admission to our college, we displayed the admission schedule in the Market, updated the website and utilized the social media platforms such as Facebook and Instagram to attract and guide students seeking admission in college. Additionally, our faculty members visited nearby schools – including GSS Mundaghat, Seri-Bhararia, Dubulu, Janadghat, and GSSS Junga- to interact with the 12th standards students and counselled them about the advantages of pursuing their studies at our college.
